

Copper Mirror Test Slides

GENERAL

Glass slides coated with copper and used for ASTM and IPC corrosion and flux testing. Referenced in ASTM D2671 and IPC-TM-650.

SPECIFICATIONS

Substrates: Float glass, cut edges, available in .040" (1mm) and .062" (1.5mm) thickness

Dimensions: Standard size of 1" x 3" is stocked. Other sizes available on request.

Coating: A film of copper metal is vacuum-deposited to achieve transmission of 10 +/-5% @ 500 nm wavelength

Packaging : Packaged in tubes flushed with nitrogen to retard oxidation.

PRICE LIST

Standard Sizes	Product #	Quantity	Price/each
1" x 3" x .040" (25mm x 75mm x 1mm)	CU134	50-98	\$5.00
		100-248	\$4.50
		250+	\$4.00
1" x 3" x .062" (25mm x 75mm x 1.5mm)	CU136	50-98	\$5.00
		100-248	\$4.50
		250+	\$4.00
Custom Sizes	Product #	Quantity	Price/each
<1" x 3" (25mm x 75mm)	Specify size	50-98	\$4.00
		100-248	\$3.60
		250+	\$3.20
